

# In Sickness and In Health

For Our Patients with UnitedHealthcare Coverage

We bandaged your toddler's head. Twice.

We welcomed your baby into the world.

We helped you battle through illness and come out stronger.

We are your healthcare team – the one you count on when it matters most.

**Our commitment to you is 75 years strong.  
And still going.**

If you are a Carolinas HealthCare System patient with a UnitedHealthcare insurance plan, you have the right to keep your doctor and continue care with us.
