

The annual Anson District Cub Scout Pinewood Derby was held Saturday, March 28 at the Fireman's Training Center in Wadesboro. The Derby, sponsored by C&M Auto Supply, allows the boys to build their own wooden car from a kit and race against their peers for a chance to advance to the Council Derby in May. Each participant received a patch, and the first to third place winners in each den received a handmade wooden medallion and will advance to the Council Pinewood Derby. The overall winners received trophies.

**Tobacco Smoke a Strong Trigger for Asthma Problems**

May is Asthma Awareness Month. There has never been a better time to remind parents that tobacco smoke is a strong trigger for asthma, meaning breathing it can cause asthma attacks, when breathing passages become narrow and irritated, causing coughing, wheezing and difficulty breathing.

Asthma is a common respiratory disease that affects one in 10 North Carolina children and is a common reason for school absences. Children with asthma are more likely to visit emergency rooms than children without asthma. "An asthma attack can be frightening, and can even be life-threatening", said Dr. Zeller at Anson County Health Department. "Avoiding triggers like secondhand smoke can keep a child with asthma out of the emergency room".

One of the most proven methods to keep asthma under control is to remove all asthma triggers from the home and school environment. Asthma triggers vary from patient to patient, but too often include tobacco smoke. Parents of children with asthma can help by only smoking outside the home, but the best way to eliminate danger for children with asthma is to quit smoking if you are a parent or another adult who spends time with children.

A great first step is to make your home and car smoke-free zones, which keeps the inside air safe for everyone. If you are responsible for a child with asthma, do not take them into smoky environments, and do not allow others to smoke around them. If you live in an apartment or other multi-unit housing that is not smoke-free indoors, consider working towards making your building smoke-free. A smoke-free policy can save money, reduce fire risk and will make everyone healthier-not just those with asthma.

If you or someone you know wants to quit smoking, QuitlineNC can provide free help 24 hours a day, seven days a week. Call (1-800-784-8669) or, for Spanish speakers, 1-800-Dejelo-Ya (1-800-335-3569). **LEG PAIN**  
*You Don't Have To Live With It!*

That "searing, burning pain" in your thigh and calf...that "aching, numbing" feeling in your hip and buttocks...that "tingling" in your foot and toes and loss of balance...

It interferes with your ability to walk, to ride a bicycle, play golf, garden...to have FUN IN LIFE!

Leg pain, thigh ache and numbness, and tingling in the foot may actually be caused by a pinched back nerve even though you have NO back pain - it could even be Sciatica.

Dr. Dial is an expert at finding the CAUSE of your leg pain and numbness and CORRECTING IT...
