

Don't Forget Your Sunglasses!

UV rays can increase the risk of cataracts, macular degeneration and other eye diseases.

50% of UV damage to eyes is done before a person is 18 years old, so kids need sunglasses too!

Sunglass frames with a close fitting wrap around style provide the best UV protection.

Polarized lenses reduce reflected glare from surrounding water.

Remember the kids too!!

WE HAVE A GREAT SELECTION OF SUNGLASSES!
