Letter from Superintendent Dr. Brian C. Ratliff

Dear Anson County Schools Community,

It is with considerable enthusiasm that we begin the 2024-2025 school year! We look forward to a school year filled with student learning and leadership growth opportunities and advancement for ALL our students.

We believe our students, educators, parents, and community members are second to none. Not only are we proud of our amazing students and colleagues for sustained, but also for their ongoing efforts towards academic progression, innovation, and accomplishment.

Our desire is to help inspire all students to become extraordinary learners and leaders in our school communities. In Anson, we are fortunate to serve in a community that has a longstanding history of support for public education and its students and families. The Anson County pride is evident at every turn. We continue our commitment to professionalism, community service, academic progress and the distinction of being a school community that embodies "Where Greatness Grows."

In order to enjoy milestone accomplishments, we need the entire community to come alongside our students and families and perhaps, in ways we have never previously considered. It behooves all of us to consider ways in which we can build and maintain the highest quality public school life possible for every student, every day. A strong and stable public-school community yields a vibrant, positive, purposeful and productive community at-large.

While challenges remain; collectively, we will continue to make a positive difference in the lives of students and families sharing empathy, a spirit of collaboration, resolve, common ground, a healthy measure of selflessness and a tremendous devotion to our youth. Together, we will continue to foster and ensure student learning, leadership capacity, school safety and a strong community culture of success for all.

Warm regards,

Dr. Brian C. Ratliff
Superintendent of Schools
