New Women and Children's Center Opening in Union County

This fall, Union County residents will now have greater access to a higher level of specialized women's and children's healthcare services. On November 17, Carolinas Medical Center-Union, part of Carolinas HealthCare System, will open a state-of-the-art Women and Children's Center that will serve as a coveted healthcare destination for women and their families as the high level of care and service currently provided at CMC-Union will be matched by new first-class accommodations. Deeply involved with the new Women and Children's Center is chair of the Department of Obstetrics and Gynecology at CMC-Union, Benion S. Horton, MD. Board certified in obstetrics and gynecology, Dr. Horton also serves as the medical director at Union Obstetrics and Gynecology (Union OB/GYN) and has practiced obstetrics and gynecology for 14 years.

Originally from Cordele, Georgia, Dr. Horton earned his medical degree from Mercer University and completed his residency in obstetrics and gynecology at the Medical Center of Delaware. After completing his residency in 2000, Dr. Horton practiced four years in rural Georgia before moving to Wilkesboro, North Carolina in 2005, where he spent the next eight years practicing obstetrics and gynecology. In 2010, Dr. Horton joined Carolinas HealthCare System and last year, he and his family moved to Union County and joined Union OB/GYN as the medical director.

Dr. Horton has a variety of clinical interests, including adolescent medicine; comprehensive obstetrical care; minimally invasive surgery, including advanced laparoscopic and hysteroscopic procedures along with total vaginal hysterectomy; treatment of urinary incontinence; and menopause management. He also is a strong advocate of evidence-based medical care. Outside of work, Dr. Horton enjoys traveling, dining, autocross and spending time with his family.

"With the opening of the new Women and Children's Center, residents of Union County and surrounding areas will have access to the most modern, state of the art facility in the Metro area," said Dr. Horton. "This updated facility will complement the excellent knowledge and experience of our obstetricians and pediatricians, as well as our excellent nursing and clinical staff. Families will begin here in an optimal environment of beautiful surroundings where they will receive the highest quality care available from Carolinas Healthcare System."

Designed with patients and their families in mind, the new Women and Children's Center at CMC-Union promotes a family-centered care environment that will provide the security of a hospital with the comforts of home. From pediatric and adolescent care to obstetrics and gynecologic surgery, the Center will offer a full continuum of women's and children's healthcare services and access to a network of highly specialized physicians and professional staff that will meet the needs of women and children through every stage of their lives.

- The new Women and Children's Center at CMC-Union will include:
- A private entrance for moms-to-be and their families, allowing them to go directly to the point of care without having to navigate through the main facility
 - Labor, delivery, recovery and post-partum suites complete with a flat-screen TV, mini fridge, sofa, private bath and overnight accommodations for families
 - A special care nursery that's staffed by neonatologists and features private family-bonding rooms
 - Lactation/breastfeeding support offered both during and after a patient's stay
 - Family-style waiting lounge, complete with a fireplace, bistro, internet café and children's play area
