

LEG PAIN

You Don't Have To Live With It!

That "searing, burning pain" in your thigh and calf...that "aching, numbing" feeling in your hip and buttocks...that "tingling" in your foot and toes and loss of balance...

It interferes with your ability to walk, to ride a bicycle, play golf, garden...to have FUN IN LIFE!

Leg pain, thigh ache and numbness, and tingling in the foot may actually be caused by a pinched back nerve even though you have NO back pain - it could even be Sciatica.

Dr. Dial is an expert at finding the CAUSE of your leg pain and numbness and CORRECTING IT...
