

Free, Confidential Memory Screenings

Grace Senior Center will hold memory screenings on Tuesday, November 28, from 10 a.m. to 2 p.m. The screenings are free and confidential, a part of the national memory screening initiative of the Alzheimer's Foundation of America (AFA)

National Memory Screening is an annual initiative of the Alzheimer's Foundation of America (AFA) and administered locally by the Anson County Council on Aging. A qualified professional will administer the memory screenings and provide educational materials about memory concerns, brain health and caregiving. The face-to-face screenings consist of a series of questions and tasks, and takes five to 10 minutes to administer.

The AFA suggests memory screenings for anyone concerned about memory loss or experiencing warning signs of dementia; whose family and friends have noticed changes in them; who believe they are at risk due to a family history of dementia; or who want to see how their memory is now and for future comparisons. The screeners emphasize that results are not a diagnosis, and encourage individuals who score poorly as well as those who still have concerns to pursue a full medical examination. Such screenings are becoming increasingly important as the number of Baby Boomers turning age 65 - the at-risk age group for Alzheimer's disease - continues to climb. The federal government's historic "National Plan to Address Alzheimer's Disease" urges a greater emphasis on both early diagnosis and education about Alzheimer's disease and related dementias.

For more information and to register for the memory screening call Wanda Talbert at (704) 694-6616.

We will be open Friday, Saturday & Sunday!
